

## LifeBridge ASEND Photographic and Film Consent

We are updating our records and are seeking your permission for the use of photography and filming in college, on the LifeBridge website and social media sites including Facebook, Twitter and You Tube. Please therefore read the information below and sign and return the form if you are happy for your son/daughter's photo to be taken and used.

I give permission for \_\_\_\_\_ (name of learner) to have photographs taken/be filmed.

For use on our LifeBridge website and social media sites including Facebook, Twitter and You Tube.

1. We will not include any details or full names (which means first name and surname) of any young person in an image, on video or on our website, or in printed publications, without good reason. For example we may include the full name of a competition winner if we have their consent. However we will not include the full name of a model used in promotional literature.
2. We will not include personal email or postal addresses, or telephone or fax numbers on our video or on our website or in printed publications.
3. If we use images of individual learners we will not use the name of that learner in the accompanying text or photo captions without good reason. And if a learner is named in the text, we will not use a photograph of that learner to accompany the article without good reason. For example we may include a picture and full name of a competition winner if we have their consent. However, we will not include a picture and a full name of a model used in promotional literature.
